

IN THE BOX

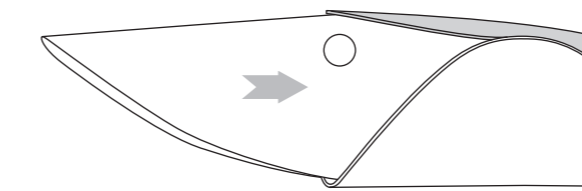

1 Zip the zipper.

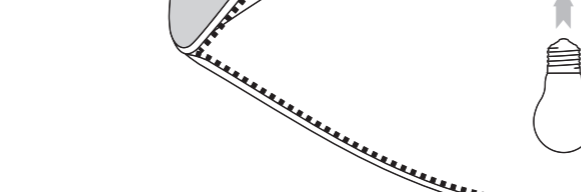

2 Zip two-thirds of the zipper.

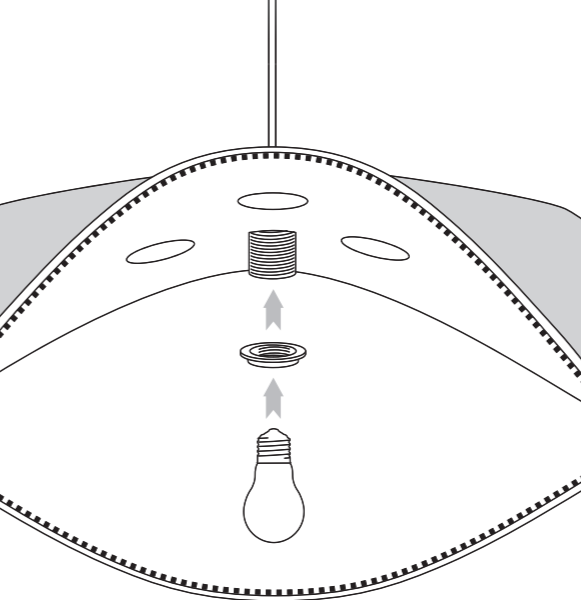

3 Bend the top PC part and insert it. Align it with the top felt part.

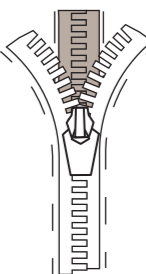

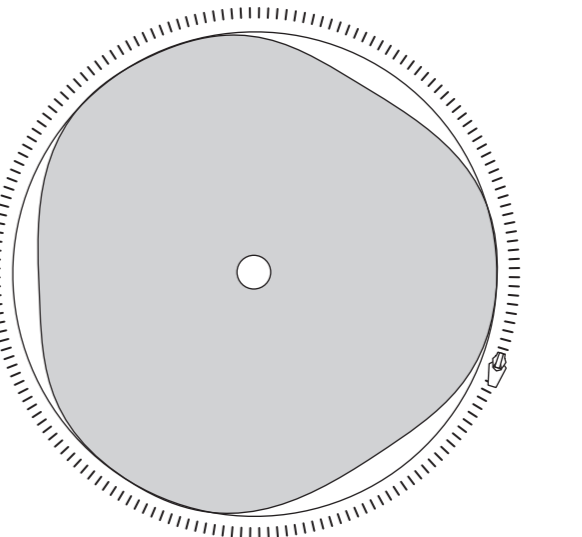

4 Bend the bottom PC part and insert it. Align it with the bottom felt part.

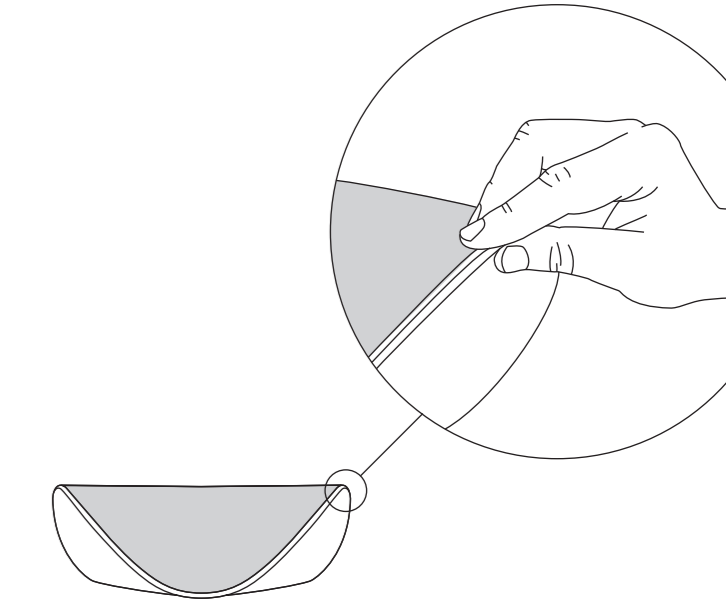

5 Assemble with cordset and light bulb.

6 Zip all the way around and make sure the zipper is overlapping itself.

7 Adjust the edges around the shade to avoid an uneven look
